These general sales include, but are not limited to, sales entitled "flea markets," "bazaars," and "rummage sales." Personal property is that which is owned by the individual conducting the sale, is purchased for resale, or is obtained on consignment. (Ord. 3837 §2(2), 1972; Ord. 4540 §1, 1985, Ord. 5530 § 17, 2010)

4.04.040 Branch Establishment Considered Separate Business

Each branch establishment of a business or a separate business located and conducted by any person shall be considered a separate business and subject to the tax imposed by this chapter. Physically segregated parts of a business, the use of which part is a necessary function toward the complete operation of the business, shall not be considered a branch establishment. (Ord. 3837 §2(3), 1972)

4.04.045 Two or More Businesses on Same Premises

If two or more but substantially related businesses are carried on in the same premises by the same owner, one license issued in the name of the business to which the premises are primarily appropriated and based upon the total number of individuals on the whole premises shall be sufficient for all such activities. Otherwise, each business must pay the business tax. Any business activity leased, under concession to, or owned wholly or in part by a different person or persons on the same premises must be separately taxed. (Ord. 4540 §1, 1985)

4.04.050 Payment of Tax--Required

A. No person may engage in, prosecute, conduct, or carry on any business without first having paid the tax provided for by this chapter.

D. No license shall be issued to any person hereunder if such person has, prior to making application conducted a business within the City without a current, valid license issued hereunder, unless such person pays an additional amount as set out by resolution for the period during which such business was conducted. (Ord. 3837 §4, 1972; Ord. 4540 §1, 1985)

4.04.060 Payment of Tax--Established by Resolution

Unless specifically exempted, all businesses shall pay a tax to operate a business in Grants Pass. This tax shall be set by resolution of the Grants Pass City Council. The resolution shall be kept on file with the City Finance Department and may be amended from time to time, as the Council considers appropriate. (Ord. 3837 §5(1), 1972; Ord. 4358 §1, 1980; Ord. 4456 §1, 1982)

4.04.065 Special Events

A. A special events business license may be issued (in lieu of the annual occupational tax) for such special events as trade shows, fairs, art shows, hobby shows, flea markets, and educational or cultural events at which several businesses may sell goods from temporary booths or stalls in accordance with Grants Pass Municipal Code, Chapter 4.07. A special events license shall be issued to the organization sponsoring the event and shall cover all businesses authorized by the sponsor to participate therein. The sponsor may either be a non-profit organization as defined in Section 4.04.020 or an organization that will realize a profit from the event. Where the sponsor is a tax exempt organization, a special license fee is only required to be paid where one or more temporary booths or stalls are a business as defined in Section 4.04.020.

B. The sponsoring organization shall provide the City with a list of all participating businesses or organizations not later than 48 hours prior to the scheduled starting date and time of the special event. Such licenses shall be limited to a period of not more than five consecutive days. The fee for licenses authorized by this section shall be set by resolution. (Ord. 4540 §1, 1985)
4.04.067 Temporary License

When 4.04.065 is not applicable, and an activity qualifies under this ordinance for payment of a tax, an applicant that intends to conduct a business for less than 8 days may purchase a temporary license. The fee for a temporary license, authorized by this section, shall be set by resolution. (Ord. 4540 §1, 1985)

4.04.070 Estimate of Number of Individuals Carrying on Business

The purpose of this section is to include, for business tax purposes, all persons actively engaged in the business operation. In arriving at the number of individuals carrying on a business, the Finance Director shall count the proprietors, partners, associates, officers and owners of the corporation actively engaged in such business and the individuals employed regularly or on a part-time basis. Individuals employed by an owner or proprietor of a business who work entirely outside the corporate limits of the City shall not be counted. (Ord. 3837 §5(2), 1972; Ord. 4540 §1, 1985)

4.04.080 Monthly Average of Individuals

The monthly number of such individuals shall be the number considered carrying on such business. Such monthly average shall be computed from the twelve months' period directly preceding the tax year or such portion thereof as such business has existed. A new business shall declare the number of individuals to be actively engaged or employed by the business. Any employer or proprietor, partner or associate who works less than 20 hours per week for more than one month is a part-time employee or proprietor. Fractional numbers of one-half or over shall be considered as the next highest whole number. Where during any one month one employee has been replaced by another, only one employee shall be counted. (Ord. 3837 §5(3), 1972; Ord. 4540 §1, 1985, 17-5722, 2017)

4.04.100 Due Date of Payment

(Ord. 4540 §1, 1985, 17-5722, 2017)

The tax shall be due upon verification and/or approval of the proposed business by the Community Development Department, or on the first day of business if land use approval is not required. A tax certificate will be issued for the 12-month period beginning on the first day of doing business in the city and ending on the first day of the anniversary month of next calendar year. Annual renewals are due by the last day of the month in which the certificate expired.

No licensee who has paid the tax required under this ordinance shall be entitled to any refund. This includes a business who pays the tax prior to receiving all other required approvals. Active businesses who fail to renew by the grace period of the last day in the month in which the certificate expired will be required to pay 1/12th of the annual amount due for each month late and pay a full annual renewal at the time of application.
This will reset the renewal date for said business to the first day of the month renewed in the following calendar year.

4.04.110 Civil Penalty

In any action or suit authorized by this section, the City if it prevails shall recover a reasonable attorney's fee to be set by the courts, in addition to its costs and disbursements. (Ord. 3837 §7(2), 1972)

4.04.120 Penalty for Past Due Payment

Whenever any tax required by this chapter is not paid when due, the Finance Director shall add to the tax as a penalty an amount equal to ten percent of the tax for each month or part thereof during which the tax remains unpaid. The total amount of penalties shall not exceed one hundred percent of the original tax. Any such monies tendered to the City shall first be credited to pay the past penalty, and past principal, the current penalty and current principal, in that order. (Ord. 4540 §1, 1985)

4.04.135 Tax Transfer

A business which has a current occupational license that relocates within the City limits of Grants Pass, or changes ownership, and carries on the same business, with the same name, is allowed to transfer the occupational license. A fee for this transfer will be set by resolution. (Ord. 4456 §2, 1982; Ord. 4540 §1, 1985)

4.04.137 Evidence of Doing Business

In the trial of any alleged violation of Sections 4.04.010 to 4.04.150, evidence that the defendant made a public presentation, by way of advertisement by newspaper, radio, television, internet or similar media or by signs conspicuously displayed for public view, that such business was being conducted, expressly or impliedly offering to sell goods or services in the course of such business to the public or any segment thereof, shall constitute prima facie evidence that the defendant was transacting the business suggested by such public representation, within the City on the date or dates during which such representations were made. (Ord. 4540 §1, 1985, Ord. 17-5722, 2017)

4.04.150 Additional Remedies

In addition to the penalties provided in this chapter as above set forth, and also in addition to any other remedy available by the law of the state to the City, and as a separate and distinct remedy, the City may sue in any court of competent jurisdiction to obtain a judgment and enforce the collection of the tax, as well as any applicable penalties thereunder as provided in this chapter, imposed by this Chapter, in the manner provided by law. This lodging tax shall not be imposed upon:

A. A tenant, or any occupant for 28 or more consecutive calendar days (a person who pays for lodging on a monthly basis, irrespective of the number of days in such month, shall not be deemed an occupant for purposes of the lodging tax) where the rent is paid by the same person...

State and local government employees on official business must continue to pay the Lodging Tax.

F. Persons with diplomatic immunity.

No exemption shall be granted except upon a claim therefor made at the time rent is collected, and under penalty of perjury, upon a form presented by the tax administrator.

(Ord. 17-5722, 2017)

A. A Lodging Tax Collector, for each lodging facility in the City, shall register with the Tax Administrator on a form provided by the Tax Administrator within fifteen days after beginning business, or within thirty calendar days after the passage of the ordinance codified in this chapter. The privilege of registration after the date of imposition of such tax shall not relieve any person from the obligation of payment or collection of tax, regardless of registration.

B. Registration shall set forth the name under which a lodging tax collector transacts or intends to transact business, the location of her or his place or places of business, and such other information to facilitate the collection of the tax as the tax administrator may require. This certificate does not authorize any person to conduct any lawful business in an unlawful manner, or to operate a lodging facility without strictly complying with all local applicable laws, including but not limited to those requiring a permit from any board, commission, department or office of the City. This certificate does not constitute a permit." (Ord. 4412 §7, 1981)

4.05.080 Due Date, Collections, Returns and Payments
(Ord. 17-5722, 2017; Ord. 16-5763, 2019)

A. The tax imposed by this Chapter shall be paid by the occupant to the lodging tax collector at the time that rent is paid. All amounts of such taxes collected by any lodging tax collector are due and payable to the tax administrator on a quarterly basis on the last day of the month following the end of the calendar quarter. The lodging provider or lodging intermediary that collects the consideration charged for occupancy of
lodging is responsible for collecting any lodging tax and shall file a return of the tax with the tax administrator, reporting the amount of tax due during the reporting period to which the return relates.

B. On or before the last day of the month following each quarter, a return for the preceding quarter’s tax collections shall be filed with the tax administrator. The return shall be filed in such form as the tax administrator may prescribe by every lodging tax collector liable for payment of tax.

C. Returns shall show the amount of tax collected or otherwise due for the related period. The tax administrator may require returns to show the total rentals upon which tax was collected or otherwise due, gross receipts of lodging tax collector for such period and an explanation in detail of any discrepancy between such amounts, and the amount of rents exempt, if any.

D. The person required to file the return shall deliver the return, together with the remittance of the amount of the tax due, to the tax administrator at her or his office, either by personal delivery or by mail. If the return is mailed, the postmark shall be considered the date of delivery for determining delinquencies.

E. For good cause, the tax administrator may extend for not to exceed one month the time for making any return or payment of tax. No further extension shall be granted, except by the City Manager. Any lodging tax collector to whom an extension is granted shall pay interest at the rate of 1 percent per month on the amount of tax due without proration for a fraction of a month. If a return is not filed, and the tax and interest due is not paid by the end of the extension granted, then the interest shall become a part of the tax for computation of penalties described elsewhere in this Chapter.

F. The tax administrator, if she or he deems it necessary in order to insure payment or facilitate collection by the City of the amount of taxes in any individual case, may require returns and payment of the amount of taxes for other than quarterly periods.

Accept as provided in this Section (4.05.080-G), lodging tax collectors for camping and recreational vehicles spaces may hold the tax collected until the amount of the money held equals or exceeds $100. Once the amount held by the lodging tax collector equals or exceeds $100, or by December 31st of each year if the $100 threshold is not met, the lodging tax collector shall remit the tax collected at the next calendar quarter end. No penalty or interest will be assessed against a lodging tax collector that withholds payments pursuant to this Section (4.05.080-G).
4.05.090 Delinquency Penalties

A. The lodging tax is delinquent on the first working day of the month following each quarterly payment due date.

B. Original delinquency. Any Lodging Tax Collector who has not been granted an extension of time for remittance of lodging tax due and who fails to remit the lodging tax prior to delinquency shall pay a penalty of 10% of the lodging tax due in addition to the lodging tax.

C. Continued delinquency. Any Lodging Tax Collector whose remittance is delinquent, and who fails to secure an extension, shall pay, commencing 1 month after the remittance became delinquent, a second delinquency penalty of 15% of the lodging tax due, the amount of the lodging tax and the 10% penalty first imposed.

D. Fraud. If the Tax Administrator determines that the non-payment of a remittance is due to fraud or intent to evade the lodging tax, a penalty of 25% of the lodging tax shall be added in addition to the penalties stated in Subsections B and C.

E. Interest. In addition to the penalties imposed by this section, Lodging Tax Collector who fails to remit the required lodging tax shall pay interest at the rate of 1% per month, without proration for portions of a month, on the lodging tax due, exclusive of penalties, from the date on which the lodging tax first became delinquent until paid.

F. Penalty merged with tax. Each penalty imposed and the interest accrued under the provisions of this section shall be merged with and become a part of the lodging tax required to be paid.

G. Petition for waiver. A Lodging Tax Collector who fails to remit the lodging tax within the required time may petition the Council for waiver and refund of the penalty or any portion of it. The Council may, if good cause is shown, direct a refund of the penalty or a portion of it. (Ord. 4412 §9, 1981)

4.05.100 Deficiency Determinations

(Ord. 17-5722, 2017)

If the tax administrator determines that the returns are incorrect, she or he may compute and determine the amount required to be paid upon the basis of the facts contained in the return or returns, or upon the basis of any information within her or his possession or that may come into her or his possession. One or more deficiency determinations may be made of the amount due for one, or more than one period; and the amount so determined shall be due and payable immediately upon service of notice, as provided in
this Chapter; after which, the amount determined is delinquent. Penalties on deficiencies shall be applied as set forth in Section 4.05.090.

A. In making a determination, the Tax Administrator may offset overpayments, which may have been previously made against a deficiency for a subsequent period, or against penalties and interest on the deficiency. The interest on the deficiency shall be computed as provided in Section 4.05.090. (Ord. 4412 §10, 1981)

B. The tax administrator shall give to the lodging tax collector a written notice of her or his determination. The notice may be served personally or by mail; if by mail, the notice shall be addressed to the lodging tax collector at her or his address as it appears in the records of the tax administrator. C. The application shall include a certificate of general liability insurance, naming the City as an additional insured and first loss payee. 4.10.120 Denial of Competition Permit

A. If after reviewing the application and examining the criminal records of the persons hired or volunteering for the event, the City Manager or Public Safety Director determines that the permit should not be issued because of the safety and welfare of the community or the attendees, the Manager shall cause the applicant to be notified of the denial either by personal contact or by written notice by first class mail. Said contact or deposit of written notice in the mail to the address provided by the applicant on application shall occur within 30 days from receipt of a completed application and shall include a statement of the reasons for denial. (Ord. 16-5689 2016)

The applicant shall have the opportunity to provide evidence to the City Council and shall have the burden of proving by clear and convincing evidence the safety and welfare of the community and the attendees are adequately protected and the application should be granted.

4.10.140 Additional Penalties

Said event may not occur unless the applicant complies with all of the terms and conditions of any Competition Permit issued. The license application shall be on a form provided by the City, and shall be accompanied by any additional documents required by the application to identify the applicant, its legal status, including its authorization to do business in Oregon, a description of the type of utility service provided or to be provided by the applicant, and the facilities over which the utility service will be provided, and other information reasonably necessary to determine the applicant’s ability to comply with the terms of this Chapter.

C. License Application Fee. The application shall be accompanied by a nonrefundable application fee or deposit set by resolution of the City Council in an amount sufficient to fully recover all of the City’s costs related to processing the application for the license.

D. Determination by City. The City shall issue, within a reasonable period of time, a written determination granting or denying the license in whole or in part. If the license is denied, the written determination shall include the reasons for denial. The license shall be evaluated based upon the provisions of this Chapter, the continuing capacity of the right of way to accommodate the applicant’s proposed utility facilities and the applicable federal, state and local laws, rules, regulations and policies.

E. Franchise Agreements. If the public interest warrants, the City and utility operator may enter into a written franchise agreement that includes terms that clarify, enhance, expand, waive or vary the provisions of this Chapter, consistent with applicable state and federal law. The franchise may conflict with the terms of this Chapter with the review and approval of City Council. The franchisee shall be subject to the provisions of this Chapter to the extent such provisions are not in conflict with the franchise.
F. Rights Granted.

1. The license granted hereunder shall authorize and permit the licensee, subject to the provisions of the Municipal Code and other applicable provisions of state or federal law, to construct, place, maintain and operate utility facilities in the rights-of-way for the term of the license.

2. The license granted pursuant to this Chapter shall not convey equitable or legal title in the rights of way and may not be assigned or transferred except as permitted in Section 4.18.060 (K) of this Chapter.

3. Neither the issuance of the license nor any provisions contained therein shall constitute a waiver or bar to the exercise of any governmental right or power, police power or regulatory power of the City as may exist at the time the license is issued or thereafter obtained.

G. Term. Subject to the termination provisions in Section 4.18.060 (M) of this Chapter, the license granted pursuant to this Chapter will remain in effect for a term of five (5) years.

H. License Non-Exclusive. No license granted pursuant to this section shall confer any exclusive right, privilege, license or franchise to occupy or use the rights-of-way for delivery of utility services or any other purpose. The City expressly reserves the right to grant licenses, franchises or other rights to other persons, as well as the City’s right to use the rights-of-way, for similar or different purposes. The license is subject to all recorded deeds, easements, dedications, conditions, covenants, restrictions, encumbrances, and claims of title of record that may affect the rights-of-way. Nothing in the license shall be deemed to grant, convey, create, or vest in licensee a real property interest in land, including any fee, leasehold interest or easement.

I. Reservation of City Rights. Nothing in the license shall be construed to prevent the City from grading, paving, repairing and/or altering any right of way, constructing, laying down, repairing, relocating or removing City water, transportation or sewer facilities or establishing any other public work, utility or improvement of any kind, including repairs, replacement or removal of any City facilities. If any of licensee’s utility facilities interfere with the construction, repair, replacement, alteration or removal of any right of way, public work, city utility, city improvement or city facility, except those providing utility services in competition with a licensee, licensee’s facilities shall be removed or relocated as provided in Sections 4.18.080 (C), (D) and (E) of this Chapter, in a manner acceptable to the City, and
subject to industry standard engineering and safety codes.

J. Multiple Services.

1. A utility operator that provides or transmits or allows the provision or transmission of utility services and other services over its facilities is subject to the license and privilege tax requirements of this Chapter for the portion of the facilities and extent of services delivered over those facilities.

2. A utility operator that provides or transmits more than one utility service over its facilities is not required to obtain a separate license for each utility service; provided that it gives notice to the City of each utility service provided or transmitted and pays the applicable privilege tax for each utility service.

K. Transfer or Assignment. To the extent permitted by applicable state and federal laws, the licensee shall obtain the written consent of the City prior to the transfer or assignment of the license. The license shall not be transferred or assigned unless the proposed transferee or assignee is authorized under all applicable laws to own or operate the utility system and the transfer or assignment is approved by all agencies or organizations required or authorized under federal and state laws to approve such transfer or assignment. If a license is transferred or assigned, the transferee or assignee shall become responsible for all facilities of the licensee at the time of transfer or assignment. A transfer or assignment of a license does not extend the term of the license.

L. Renewal. At least 90, but no more than one-hundred eighty (180), days prior to the expiration of a license granted pursuant to this Section, a licensee seeking renewal of its license shall submit a license application to the City, including all information required in Section 4.18.060 (B) and the application fee required in Section 4.18.060 (C). The City shall review the application as required by Section 4.18.060 (D) and grant or deny the license within 90 days of submission of the application. If the City determines that the licensee is in violation of the terms of this Chapter at the time it submits its application, the City may require that the licensee cure the violation or submit a detailed plan to cure the violation within a reasonable period of time, as determined by the City, before the City will consider the application and/or grant the license. If the City requires the licensee to cure or submit a plan to cure a violation, the City will grant or deny the license application within ninety (90) days of confirming that the violation has been cured or of accepting the licensee’s plan to cure the violation.
M. Termination.

1. Revocation or Termination of a License. The City Council may terminate or revoke the license granted pursuant to this Chapter for any of the following reasons:

   (a) Violation of any of the provisions of this Chapter;
   (b) Violation of any provision of the license;
   (c) Misrepresentation in a license application;
   (d) Abandonment of facilities without approval to abandon in place as described in Section 4.18.080 D. 2 (b);
   (e) Failure to pay taxes, compensation, fees or costs due the City after final determination of the taxes, compensation, fees or costs;
   (f) Failure to restore rights-of-way after construction as required by this Chapter or other applicable state and local laws, ordinances, rules and regulations;
   (g) Failure to comply with technical, safety and engineering standards related to work in the rights-of-way; or
   (h) Failure to obtain or maintain any and all licenses, permits, certifications and other authorizations required by state or federal law for the placement, maintenance and/or operation of the utility facilities.

2. Standards for Revocation or Termination. In determining whether termination, revocation or some other sanction is appropriate, the following factors shall be considered:

   (a) The egregiousness of the misconduct;
   (b) The harm that resulted;
   (c) Whether the violation was intentional;
   (d) The utility operator’s history of compliance; and/or
   (e) The utility operator’s cooperation in discovering, admitting and/or curing the violation.

3. Notice and Cure. The City shall give the utility operator written notice of any apparent violations before terminating a license. The notice shall include a short and concise statement of the nature and general facts of the violation or noncompliance and provide a reasonable time (no less than 20 and no more than 40 days) for the utility operator to demonstrate that the utility operator has remained in compliance, that the utility operator has cured or is in the process of curing any violation or noncompliance, or that it would be in the public interest to impose a penalty or sanction less than termination or revocation. If the utility operator is in the process of curing a
violation or noncompliance, the utility operator must demonstrate that it acted promptly and continues to actively work on compliance. If the utility operator does not respond or if the City Manager or designee determines that the utility operator’s response is inadequate, the City Manager or designee shall refer the matter to the City Council, which shall provide a duly noticed public hearing to determine whether the license shall be terminated or revoked.

4.18.070 Construction and Restoration.

A. Utility facilities shall be constructed, installed, operated and maintained in accordance with all applicable federal, state and local codes, rules and regulations, including the National Electrical Code and the National Electrical Safety Code and shall comply with the encroachment provisions set forth in Chapter 6.36 of the Grants Pass Municipal Code.

No person shall construct, install, or perform any work on utility facilities within the rights-of-way without first obtaining all required permits in accordance with Municipal Code Chapter 6.36. The City shall not issue a permit for the construction, installation, maintenance or repair of utility facilities unless the utility operator of the facilities has applied for and received the license required by this Chapter, or has a current franchise with the City, and all applicable fees have been paid.

In the event that an emergency impacts public health or safety or an unplanned interruption in utility service requires repairs, the utility operator shall immediately notify the City of the need for such repair. The utility operator may immediately initiate such immediate repairs and shall apply for appropriate permits within three business days following discovery of the emergency.

B. Unless otherwise provided in a franchise agreement or as set forth in subparagraph 3 below, a performance bond or other form of surety acceptable to the City equal to at least 100% of the estimated cost of the work within the right of way of the City shall be provided before construction is commenced.

1. The performance bond or other form of surety acceptable to the City shall remain in force until 60 days after substantial completion of the work, as determined in writing by the City, including restoration of rights of way and other property affected by the construction.
2. The performance bond or other form of surety acceptable to the City shall guarantee, to the satisfaction of the City:

   (a) Timely completion of the work;
   (b) That the work is performed in compliance with applicable plans, permits, technical codes and standards;
   (c) Proper location of the facilities as specified by the City;
   (d) Restoration of the rights of way and other property affected by the work; and
   (e) Timely payment and satisfaction of all claims, demands or liens for labor, material, or services provided in connection with the work.

3. Upon request by a utility operator, the City Manager may waive the bonding requirement for work performed in the right of way by (i) utility operators regulated by the Oregon Public Commission; or (ii) contractors on such utility’s behalf and under the utility’s control, when the utility has adequately performed to the City’s satisfaction its obligations under prior franchises or licenses with the City for the immediately preceding three (3) years prior to the request. In the event the City determines that measures are required to repair the rights-of-way as a result of work performed by a contractor on behalf of a utility operator, the utility operator shall take necessary corrective measures on behalf of the independent contractor and satisfactory to the City, within 60 days following notice from the City, except in situations corrective measures are in order to protect public health or safety, in which case corrective measures will be made immediately following notice from the City. Any waiver granted shall be effective for the duration of the license issued pursuant to Section 4.18.060 or at such time as the utility or its contractors ceases to adequately perform to the City’s satisfaction the utility’s obligations under its license, whichever first occurs. In the event of inadequate performance, the City shall notify the utility in writing describing the inadequate performance and specifying a date certain (not less than 30 days) by which the inadequate performance will be remedied to the City’s satisfaction or a bond or other form of surety described in Section 4.18.070 B shall be provided.
C. A utility operator shall preserve and protect from injury other utility operators’ facilities in the rights-of-way, the public using the rights-of-way and any adjoining property, and take other necessary measures to protect life and property, including but not limited to buildings, walls, fences, trees or utilities that may be subject to damage from the permitted work. A utility operator shall be responsible for all damage to public or private property resulting from its failure to properly protect people and property and to carry out the work.

D. Inspection. Every utility operator’s facilities shall be subject to the right of periodic inspection and testing by the City to determine compliance with the provisions of this Chapter and all other applicable state and City codes, ordinances, rules and regulations. Every utility operator shall cooperate with the City in permitting the inspection of utility facilities upon request of the City.

E. Coordination of Construction. All utility operators are required to make a good faith effort to both cooperate with and coordinate their construction schedules with those of the City and other users of the rights of way.

1. Prior to January 1 of each year, utility operators shall provide the City with a schedule of known proposed large capital construction and/or facility maintenance for that year in, around or that may affect the rights-of-way.

2. Utility operators shall meet with the City annually, or as determined by the City, to schedule and coordinate construction in rights-of-way to minimize public inconvenience or disruption.

3. All construction locations, activities and schedules within rights-of-way shall be coordinated as ordered by the City Manager or designee, to minimize public inconvenience, disruption, or damages.

4.18.080 Location of Facilities

A. Location of Facilities. Unless otherwise agreed to in writing by the City, whenever any existing electric utilities, cable facilities or telecommunications facilities are located underground within a right of way of the City, any other utility operator with permission to occupy the same right of way shall locate its facilities underground. This requirement shall not apply to:

1. Facilities used for transmission of electric energy at nominal voltages in excess of 35,000 volts;
2. or to pedestals, cabinets or other above-ground equipment; and
3. to other new facilities provided that the City grants prior written approval for overhead placement. The City reserves the right to require written approval of the location of any such above-ground equipment.

B. Interference with Rights of way. No utility operator or other person may locate or maintain its facilities so as to unreasonably interfere with the use of the rights of way by the City, by the general public or by other persons authorized to use or be present in or upon the rights of way. All use of the rights of way shall be consistent with City codes, ordinances and regulations.

C. Relocation of Utility Facilities.

1. A utility operator shall, at no cost to the City, relocate its aerial utility facilities underground when requested to do so in writing by the City, consistent with applicable state and federal laws, regulations and tariffs.

2. A utility operator shall, at no cost to the City, temporarily or permanently remove, relocate, change or alter the position of any utility facility within a right of way when requested to do so in writing by the City. Nothing herein shall be deemed to preclude the utility operator from requiring or requesting reimbursement or compensation from a third party, pursuant to applicable laws, regulations, tariffs, and agreements, or otherwise provided that such reimbursement or compensation shall not delay the utility operator’s obligation to comply with this section in a timely manner.

3. Except in the case of an emergency impacting public health or safety or an unplanned interruption of Utility Service, the City shall provide at least 120 days prior written notice of the amount of time for removal, relocation, change, alteration or undergrounding. If a utility operator fails to remove, relocate, alter or underground any utility facility as requested by the City and by the date established by the City, the City may cause the utility facility to be removed, relocated, altered or undergrounded at the utility operator’s sole expense. Upon receipt of a detailed invoice from the City, the utility operator shall reimburse the City for the costs the City incurred within 120 days.
D. Removal of Unauthorized Facilities.

1. Except in the case of an emergency impacting public health or safety or an unplanned interruption of Utility Service and unless otherwise agreed to in writing by the City Manager or designee, within 120 days following written notice from the City, a utility operator and any other person that owns, controls, or maintains any abandoned or unauthorized utility facility within a right of way shall, at its own expense, remove the facility and restore the right of way.

2. A utility system or facility is unauthorized under any of the following circumstances:

   (a) The utility facility is outside the scope of authority granted by the City under the license, franchise or other written agreement. This includes facilities that were never licensed or franchised and facilities that were once licensed or franchised but for which the license or franchise has expired or been terminated. This does not include any facility for which the City has provided written authorization for abandonment in place.

   (b) The facility has been abandoned and the City has not been provided prior written notice of such abandonment in place. A facility is abandoned if it is not in use and is not planned for further use. A facility will be presumed abandoned if it is not used for a period of 15 months. A utility operator may overcome this presumption by presenting plans for future use of the facility.

   (c) The utility facility is improperly constructed or installed or is in a location not permitted by the license, franchise or this Chapter.

   (d) The utility operator is in violation of a material provision of this Chapter and fails to cure such violation within 30 days of the City sending written notice of such violation, unless the City extends such time period in writing.
E. Removal by City.

1. The City retains the right and privilege to cut or move the facilities of any utility operator or similar entity located within the public rights of way of the City, without notice, as the City may determine to be necessary, appropriate or useful in response to a public health or safety emergency.

2. If the utility operator fails to remove any facility when required to do so under this Chapter, the City may remove the facility using qualified personnel or contractors consistent with applicable state and federal safety laws and regulations and the utility operator shall be responsible for paying the full cost of the removal and any administrative costs incurred by the City in removing the facility and obtaining reimbursement. Upon receipt of a detailed invoice from the City, the utility operator shall reimburse the City for the costs the City incurred within 30 days. The obligation to remove shall survive the termination of the license or franchise.

3. The City shall not be liable to any utility operator for any damage to utility facilities by the City or its contractor in removing, relocating or altering the facilities pursuant to paragraphs (B), (C) or (D) of this Section 4.18.080 or undergrounding its facilities as required by paragraph (A) of this Section 4.18.080, or resulting from the utility operator’s failure to remove, relocate, alter or underground its facilities as required by those paragraphs.

F. As Built Drawings. The utility operator shall provide the City with two updated complete sets of as built plans annually, upon request of the City.

4.18.090 Leased Capacity

A utility operator may lease capacity on or in its systems to others, provided that, upon request, the utility operator provides the City with the name and business address of any lessee.

4.18.100 City’s Use of Operator Facilities

A. The City shall have the right, at the City’s sole expense with prior written notice to and approval of the utility operator to suspend and maintain alarms, wires, control boxes and such other equipment as the City may require for fire, police, emergency or other municipal purposes on poles placed by the utility within the right of way. All City installed overhead and/or underground equipment shall be installed by qualified personnel and shall be in compliance with Oregon State Electrical Codes and the National Electric Safety Code at all times.
B. The City shall install such equipment so as not to interfere with the electric power and light service of the utility operator or pose a danger to the public utility’s facilities, employees, customers or customers property. The City shall not sell or lease space on the utility operator’s poles, conduits, or other equipment to other entities. The City shall indemnify, defend and save the operator harmless from any and all loss sustained by the utility operator on account of any suit, judgment, execution, claim, or demand whatsoever arising out of the City’s installation, operation and maintenance of such equipment.

4.18.110 Maintenance

A. Every utility operator shall install and maintain all facilities in a manner that prevents injury to the right of way or public utility easements, the City’s property or the property belonging to another person. The utility operator shall, at its own expense, repair and maintain facilities from time to time as may be necessary to accomplish this purpose.

B. When an underground excavation or construction and installation of facilities has been completed, the utility operator shall remove all debris from the project site and restore the portion of the right of way, property or place to the same condition or as near as practicable to its previous condition prior to such construction work in accordance with restoration standards established by the City Public Works Director. If the utility operator fails to do so within a reasonable time, the City may restore the site at the utility operator’s expense.

C. The City shall provide written notice to the utility operator of any facility that requires maintenance and repair. Unless an emergency condition exists, the maintenance and repair shall be completed within 120 days following notice. If the utility operator fails to provide necessary maintenance or repair as requested by the City and by the date set by the City, the City may perform such maintenance or repair at the utility operator’s sole expense. Upon a detailed invoice from the City, the utility operator shall reimburse the City for the costs the City incurred within 120 days.
4.18.120 Vacation

If the City vacates any right of way, or portion thereof, that a utility operator uses, the utility operator shall, at its own expense, remove its facilities from the right of way unless the City reserves a public utility easement, which the City shall make a reasonable effort to do provided that there is no cost or expense to the City, or the utility operator obtains an easement for its facilities. If the utility operator fails to remove its facilities within 120 days after a right of way is vacated, or as otherwise directed or agreed to in writing by the City, the City may remove the facilities at the utility operator’s sole expense. Upon receipt of an invoice from the City, the utility operator shall reimburse the City for the costs the City incurred within 30 days.

4.18.130 Privilege Tax

A. Privilege Tax.

1. Except as set forth in Section 4.18.130.B and 4.18.130.C, every utility operator shall pay the privilege tax calculated as a percentage of gross revenues earned from the provision of utility service to customers within the City at the following rates for each service provided during the term of the license:

   - Electric: 5%
   - Natural Gas: 5%
   - Telecommunications: 7%
   - Cable: 5%
   - Water: 5%
   - Sanitary Sewer: 5%

2. Unless otherwise agreed to in writing by the City, the privilege tax shall be paid quarterly, in arrears, for each quarter during the term of the license, within 30 days after the end of each calendar quarter. Each payment shall be accompanied by an accounting of gross revenues, if applicable, and a calculation of the amount payable.

3. Except as set forth in Section 4.18.130.A.4, for purposes of this Section 4.18.130.A, “gross revenues” means any and all revenue, of any kind, nature or form, derived from the provision of retail utility services to customers within the City, less net uncollectibles.

4. For purposes of this Section 4.18.130.A, “gross revenues” for a telecommunications utility, as defined in ORS 759.005, shall be limited to the revenues defined in ORS 221.515.
B. Transmission Line Fee. A utility operator that does not earn gross revenues from the provision of utility service to customers within the City shall pay the transmission line fee set by Council resolution or set forth in the license granted by the City. The fee may be a flat fee per lineal foot of utility facilities in the City or such other fee determined by the Council after consideration of the utility operator’s use or proposed use of the right of way. Unless otherwise agreed to in writing by the City, the fee shall be paid annually, in arrears, for each year during the term of this license within 30 days after the end of each calendar year, and shall be accompanied by information sufficient to illustrate the calculation of the amount payable.

C. Attachment Fee. A utility operator whose only facilities in the right of way are facilities mounted on structures within the right of way, which structures are owned by another person, and with no facilities strung between such structures or otherwise within, under or above the right of way, shall pay the attachment fee set by Council resolution or set forth in the license granted by the City. The fee may be a flat fee per structure or such other fee determined by the Council after consideration of the utility operator’s use or proposed use of the right of way. Unless otherwise agreed to in writing by the City, the fee shall be paid annually, in arrears, for each year during the term of this license within 30 days after the end of each calendar year, and shall be accompanied by information sufficient to illustrate the calculation of the amount payable.

D. Privilege tax payments required by this section shall be reduced by any franchise fee payments received by the City, but in no case will be less than $0.

E. The utility operator shall pay interest at the rate of nine percent (9%) per year for any payment due pursuant to this section made after the due date.

F. The calculation of the privilege tax or other fees required by this section shall be subject to all applicable limitations imposed by federal or state law. The City reserves the right to enact any and all other taxes and fees applicable to the utilities subject to the Chapter.

4.18.140 Audits

A. Within 30 days of a written request from the City, or as otherwise agreed to in writing by the City, the provider of utility service shall:
1. Furnish the City with information sufficient to demonstrate that the utility operator is in compliance with all the requirements of this Chapter and its franchise agreement, if any, including but not limited to the privilege tax payments required by Section 4.18.130 and the franchise fee required in any franchise.

2. Make available for inspection by the City at reasonable times and intervals all maps, records, books, diagrams, plans and other documents, maintained by the utility operator with respect to its facilities within the public rights of way or public utility easements. Access shall be provided within the City, unless prior arrangement for access elsewhere has been made with the City.

B. If the City’s audit of the books, records and other documents or information of the utility operator demonstrate that the utility operator has underpaid the privilege tax or franchise fee by five percent (5%) or more in any one year, the utility operator shall reimburse the City for the cost of the audit, in addition to any interest owed pursuant to Section 4.18.130 (E) or as specified in a franchise.

C. Any underpayment, including any interest or audit cost reimbursement, shall be paid within 30 days of the City’s notice to the utility service provider of such underpayment.

D. In the event that the City reasonably estimates that the cost of the audit will exceed $10,000, the utility operator shall have the option to select a neutral and qualified auditor mutually acceptable to the City and the utility operator to perform the audit.

4.18.150 Insurance and Indemnification

A. Insurance.

1. All utility operators shall maintain in full force and affect the following liability insurance policies that protect the utility operator and the City, as well as the City’s officers, agents, and employees:

   (a) Comprehensive general liability insurance with limits not less than:

      (i) Three million dollars ($3,000,000) for bodily injury or death to each person;
      (ii) Three million dollars ($3,000,000) for property damage resulting from any one accident; and
      (iii) Three million dollars ($3,000,000) for all other types of liability.
(b) Motor vehicle liability insurance for owned, non-owned and hired vehicles with a limit of one million dollars ($1,000,000) for each person and three million dollars ($3,000,000) for each accident.

(c) Worker’s compensation within statutory limits and employer’s liability with limits of not less than one million dollars ($1,000,000).

(d) Comprehensive form premises-operations, explosions and collapse hazard, underground hazard and products completed hazard with limits of not less than three million dollars ($3,000,000).

2. The limits of the insurance shall be subject to statutory changes as to maximum limits of liability imposed on municipalities of the State of Oregon. The insurance shall be without prejudice to coverage otherwise existing and shall name as additional insureds the City and its officers, agents, and employees. The coverage must apply as to claims between insureds on the policy. The Certificate of Insurance shall provide that the insurance shall not be canceled or materially altered without 30 days prior written notice first being given to the City. If the insurance is canceled or materially altered, the utility operator shall provide a replacement policy with the terms as outlined in this section. The utility operator shall maintain continuous uninterrupted coverage, in the terms and amounts required. The utility operator may self insure any or all of the above coverage.

3. The utility operator shall maintain on file with the City a Certificate of Insurance, or proof of self-insurance acceptable to the City, certifying the coverage required above.

B. Financial Assurance. The utility operator shall provide a performance bond or other financial security, in a form acceptable to the City, as security for the full and complete performance of the franchise or license, if applicable, and compliance with the terms of this Chapter, including any costs, expenses, damages or loss the City pays or incurs because of any failure attributable to the utility operator to comply with the codes, ordinances, rules, regulations or permits of the City. This obligation is in addition to the performance surety required by Section 4.18.070 (B) of this Chapter for construction of facilities. The provisions of this Subsection B shall not apply to utility operators who, in the City’s sole discretion, have adequately performed to the City’s satisfaction their obligations under prior franchises or licenses with the City for the immediately preceding three (3) years prior to application for a new franchise or license.
C. Indemnification

1. Each utility operator shall defend, indemnify and hold the City and its officers, employees, agents and representatives harmless from and against any and all liability, causes of action, claims, damages, losses, judgments and other costs and expenses, including attorney fees and costs of suit or defense (at both the trial and appeal level, whether or not a trial or appeal ever takes place) that may be asserted by any person or entity in any way arising out of, resulting from, during or in connection with, or alleged to arise out of or result from the negligent, careless, or wrongful acts, omissions, failure to act, or other misconduct of the utility operator or its affiliates, officers, employees, agents, contractors, subcontractors, or lessees in the construction, operation, maintenance, repair, or removal of its facilities, and in providing or offering utility services over the facilities, whether such acts or omissions are authorized, allowed, or prohibited by this Chapter or by a franchise agreement. The acceptance of a license under Section 4.18.060 shall constitute such an agreement by the applicant whether the same is expressed or not. Upon notification of any such claim the City shall notify the utility operator and provide the utility operator with an opportunity to provide defense regarding any such claim.

2. Every utility operator shall also indemnify the City for any damages, claims, additional costs or expenses assessed against or payable by the City arising out of or resulting, directly or indirectly, from the utility operator’s failure to remove or relocate any of its facilities in the rights of way or easements in a timely manner, unless the utility operator’s failure arises directly from the City’s negligence or willful misconduct.

4.18.160 Compliance

Every utility operator shall comply with all federal and state laws and regulations, including regulations of any administrative agency thereof, as well as all applicable ordinances, resolutions, rules and regulations of the City, heretofore or hereafter adopted or established during the entire term of any license granted under this Chapter.
4.18.170 Confidential/Proprietary Information

If any utility operator is required by this Chapter to provide books, records or information to the City that utility operator reasonably believes to be confidential or proprietary, the City shall take reasonable steps to protect the confidential or proprietary nature of the books, records or information, to the extent permitted by Oregon public records laws, provided that they are clearly designated as such by the utility operator at the time of disclosure to the City. The City shall not be required to incur any costs to protect such document, except as to the City’s routine internal procedures for complying with Oregon public records law.

4.18.180 Penalties

A. Any person found guilty of violating, disobeying, omitting, neglecting or refusing to comply with any of the provisions of this Chapter shall be fined not less than $100 nor more than $1,000 for each offense. A separate and distinct offense shall be deemed committed each day on which a violation occurs. Fine shall be due and payable no later than 30 days from receipt of the City’s notification of the offense. Interest on unpaid fines shall accrue at the rate of nine percent (9%) per annum from the due date.

B. Nothing in this Chapter shall be construed as limiting any judicial or other remedies the City may have at law or in equity, for enforcement of this Chapter.

4.18.190 Severability and Preemption

A. The provisions of this Chapter shall be interpreted to be consistent with applicable federal and state law, and shall be interpreted, to the extent possible, to cover only matters not preempted by federal or state law.

B. Pursuant to ORS 167.117(7) "gambling" does not include “social games.” ORS 167.121 provides that counties and cities may, by ordinance, authorize the playing or conducting of Social Games in a private business, private club, or in a place of public accommodation. Such ordinances may provide for regulation or licensing of the authorized Social Games. The purpose of this ordinance is to authorize and regulate, in accordance with Oregon state law, the playing or conducting of Social Games. It is not the purpose of this ordinance and this ordinance is not intended to regulate any form of gambling or gaming authorized and regulated under Oregon state law other than Social Gaming as specifically defined in this ordinance.

The term "persons financially interested in the business" shall include all persons who share in the profits of the business where the social gaming activity is located, on the basis of gross or net revenue,
including landlords, lessors, lessees, and the owners of the building, fixtures or equipment used in the social game. The application shall also include the names, dates of birth, social security numbers and addresses of all tournament sponsors if different from persons financially interested in the business.

4.21.042 Application Renewal

The grantee of a social gaming license must notify the City Manager within 10 days of any change in persons financially interested in the business or in the names of any persons who are either on the board of directors of or hold offices in the entity or organization and request a renewal of its license. At the time of such request, the applicant shall submit the information required by Section 4.21.041.

4.21.090 Terms of License

All licenses issued hereunder shall be for a period of one year and shall be renewed on the first business day of January of each year. Licenses are nontransferable and must be reapplied for at least thirty (30) days prior to the renewal date each year accompanied by the appropriate fee. All persons securing a license after first business day of January each year shall be required to pay the annual fee. All renewals shall be approved by the City Manager.

4.21.100 Revocation of License

A license is subject to revocation at any time for violation of this Ordinance or any of the provisions of state law related to gambling. If at any time facts arise or become known to the City Manager which are sufficient to show violation of this ordinance or state law, the City Manager shall notify the licensee in writing that the license is to be revoked and that all social gaming activities must cease within 15 days. The violations need not lead to a conviction but must establish a reasonable doubt about the licensee's ability to perform the licensed activity without danger to property or public health or safety. The notice of revocation
shall state the reason for the revocation, set a period of no less than 30 days before social gaming activities can recommence and inform the licensee of the procedures for filing an appeal.

4.21.110 Suspension of License

Upon determining that a licensed activity presents an immediate danger to person or property, the City Manager may suspend the license for the activity. The suspension shall take effect immediately on notice being received by the licensee or being delivered to the licensee's business address as stated on the licensee's application for the license that is being suspended.

The notice shall be mailed to the licensee and state the reason for the suspension and inform the licensee of the procedures for filing an appeal. The City Manager may continue the suspension for as long as the reason for the suspension exists or until a decision by the appellate authority on an appeal regarding the suspension concludes the matter.

4.21.120 Penalties

In addition to the suspension or revocation of any license hereunder, any licensee, firm, corporation, association or person(s) associated with licensee who violates any provision of this ordinance, may, upon conviction, be fined in the amount not to exceed Five Hundred Dollars ($500.00) for each violation. Each day that a violation is permitted to occur is considered a separate violation.

4.21.130 Savings Clause

If any section, subsection, provision, clause or paragraph of this ordinance shall be adjudged or declared by any court of competent jurisdiction to be unconstitutional or invalid, such judgment shall not affect the validity of the remaining portions of this ordinance; it is hereby expressly declared that every other section, subsection, provision, clause or paragraph of this ordinance enacted, irrespective of the enactment or validity of the portion hereof declared to be unconstitutional or invalid, is valid.
